February 7, 2020

Dear Parents and Guardians,

We hope you and your family are staying healthy during this cold and flu season! We have recently seen more students than usual reporting flu-like symptoms and stomachaches with/without vomiting. As a precaution, our school has been conducting additional disinfecting measures across the campus to help prevent the spread of germs as we continue to follow our health room and sanitation guidelines.

We are monitoring the reported illnesses and have reached out to the Department of Health for any additional recommendations. They recommended following the general handwashing and sanitary guidelines to prevent the spread of germs and disease. We encourage all families to follow the general precautions on the reverse side of this letter.

While your child's attendance at school is very important, your child's health is paramount. Please keep your child at home if he/she is ill and consult with your primary care physician if needed.

Thank you,

A handwritten signature in cursive script that reads 'Lauren Dunn'.

Keep Germs to Yourself!

Cover your Cough

Cover your mouth
and nose with a
tissue when you
cough or sneeze

OR

cough or sneeze into
your upper sleeve,
not your hands.

Put your used tissue
in the waste basket.

Clean your Hands after coughing or sneezing.

Wash with
soap and water

OR

clean with
alcohol-based
hand cleaner.

Stop the spread of germs that make you and others sick!
